That we, the Council of the Township of Kerns do hereby, approve for payment the Fire Department Voucher 2018-05 in the amount of \$228.45.  
“CARRIED”

**6- Reports from Staff and Others**

a- Roads  
The Roads Superintendent informed council that they were busy with wash outs from recent heavy rainfall. The roads department also had a request from a farmer to re-ditch along their field. The ditch is effective for the purpose of the roads, however the field is not draining. The roads superintendent would like to know how council wants to proceed. In order to avoid the potential need for a municipal drain, council has

# TOWNSHIP OF KERNS

## MINUTES OF THE REGULAR MEETING OF COUNCIL - June 5<sup>th</sup>, 2018

### KERNS MUNICIPAL HALL

requested the roads superintendent contact the owner of the field and ask to share the cost in re-ditching. The roads superintendent provided council with a map and discussed potential projects for the summer.

b- Fire

The fire department received a call on June 4<sup>th</sup> relating to carbon monoxide. The fire chief informed council that a newer tanker will be arriving soon.

c- Others

2018-113 **Moved: Carter Seymour** **Seconded: Mark Lenover**

"CARRIED"

# TOWNSHIP OF KERNS

## MINUTES OF THE REGULAR MEETING OF COUNCIL - June 5<sup>th</sup>, 2018

### KERNS MUNICIPAL HALL

#### 8- Correspondence for Council's Information:

- a- MPAC - 2017 Annual Report and Financial Statements
- b- Ministry of Government and Consumer Services - Freedom of Information (FOI) Practitioners
- c- Ministry of Agriculture, Food and Rural Affairs - 2018-2019 Tile Loan Program
- d- Northern Policy - Community-Based Economic Development
- e- City of Temiskaming Shores - POA Payment 1<sup>st</sup> Quarter 2018

#### 9- Other business:

- a- City of Temiskaming Shores - Partners for Climate Protection (PCP)

2018-119 **Moved:** Mark Lenover **Seconded:** Carter Seymour

Whereas it is well established that climate change is increasing the frequency of extreme weather events and other risks, such as drought, forest fires and rising sea levels, which present serious threats to our natural environment, our health, our jobs and our economy; and

Whereas the 2016 Paris Agreement, signed by more than 190 countries, including Canada, committed to limit the global temperature increase to below two degrees Celsius and to pursue efforts to limit this increase to 1.5 degrees Celsius, in order to avoid the most severe climate change impacts; and

Whereas local governments are essential to the successful implementation of the Paris Agreement; and

Whereas Canada's cities and communities influence approximately 50 percent of national greenhouse gas (GHG) emissions and can drive systemic low-carbon practices, including: building high-efficiency buildings, undertaking building retrofits and developing district heating; building active transit, electric vehicle infrastructure and electrified public transit; implementing near-zero GHG waste plans; and delivering high-efficiency water and wastewater services; and

Whereas investments in these types of measures also reduce operating costs, help municipalities maintain and plan for future community services, protect public health, support sustainable community development, increase community resilience, and reduce a community's vulnerability to environmental, economic and social stresses; and

Whereas a number of government and international and national organizations have called for greater cooperation among all stakeholders to meet reduction targets, including Canada's Big City Mayors' Caucus, which supports binding GHG emission reduction targets at the international, national and city levels, action plans that cut emissions, identification of risks and mitigation solutions, and regular municipal GHG emissions reporting; and

Whereas the Federation of Canadian Municipalities (FCM) and ICLEI-Local Governments for Sustainability have established the Partners for Climate Protection (PCP) program to provide a forum for municipal governments to share their knowledge and experience with other municipal governments on how to reduce GHG emissions; and

Whereas over 300 municipal governments across Canada representing more than 65 percent of the population have already committed to reducing corporate and community GHG emissions through the PCP program since its inception in 1994; and

Whereas PCP members commit to adopt a community GHG reduction target of 30 percent below 2005 levels by 2030, in line with the Government of Canada's target, and to adopt a corporate GHG reduction target that is similar or more ambitious, and

# TOWNSHIP OF KERNS

## MINUTES OF THE REGULAR MEETING OF COUNCIL - June 5<sup>th</sup>, 2018

### KERNS MUNICIPAL HALL

to consider adopting a deeper community and corporate emissions reduction target of 80 percent by 2050; and

Whereas the PCP program is based on a five-milestone framework that involves completing a GHG inventory and forecast, setting a GHG reduction target, developing a local action plan, implementing the plan, and monitoring progress and reporting results; and

Whereas PCP members commit to carry out the five-milestone framework within 10 years of joining the program and to report on progress at least once every two years; and

Whereas PCP members accept they can be suspended from the program - subject to prior notice in writing by the PCP secretariat -in the event of non-submission of progress reports within the established deadlines.

Now therefore be it resolved that the Council of the Township of Kerns hereby endorses the Government of Canada's commitment to the Paris Agreement to limit global temperature increase to below two degrees Celsius and to pursue efforts to limit the global temperature increase to 1.5 degrees Celsius; and

Furthermore that the Township of Kerns commits to review the guideline on PCP member benefits and responsibilities and then communicate to FCM its participation in the PCP program and its commitment to achieving the milestones set out in the PCP five-milestone framework; and

Furthermore the Township of Kerns appoints the Clerk-Treasurer to oversee the implementation of the PCP milestones and be the point of contact for the PCP program within the municipality.

“CARRIED”

- b- K.Smart Associates Ltd./Pedersen Construction (2013) Inc. - Seymour Bridge Replacement project

2018-120 **Moved: Dennis Jibb** **Seconded: Mark Lenover**

That we, the Council of the Township of Kerns hereby agree with K. Smart Associates Limited's letter dated May 10, 2018 to install a concrete type cut-off wall for the new structure at Seymour Bridge.
